

Get Faster Physician Insights with KeyOps

Physician insights play an essential role in making strategic business decisions – but traditional methods take too long to gather data.

Average Insight Delivery Times

Research firms and advisory boards

2 to 6 months

KeyOps

5 days to **2** weeks

Benefits of Faster Insights

Respond to market changes

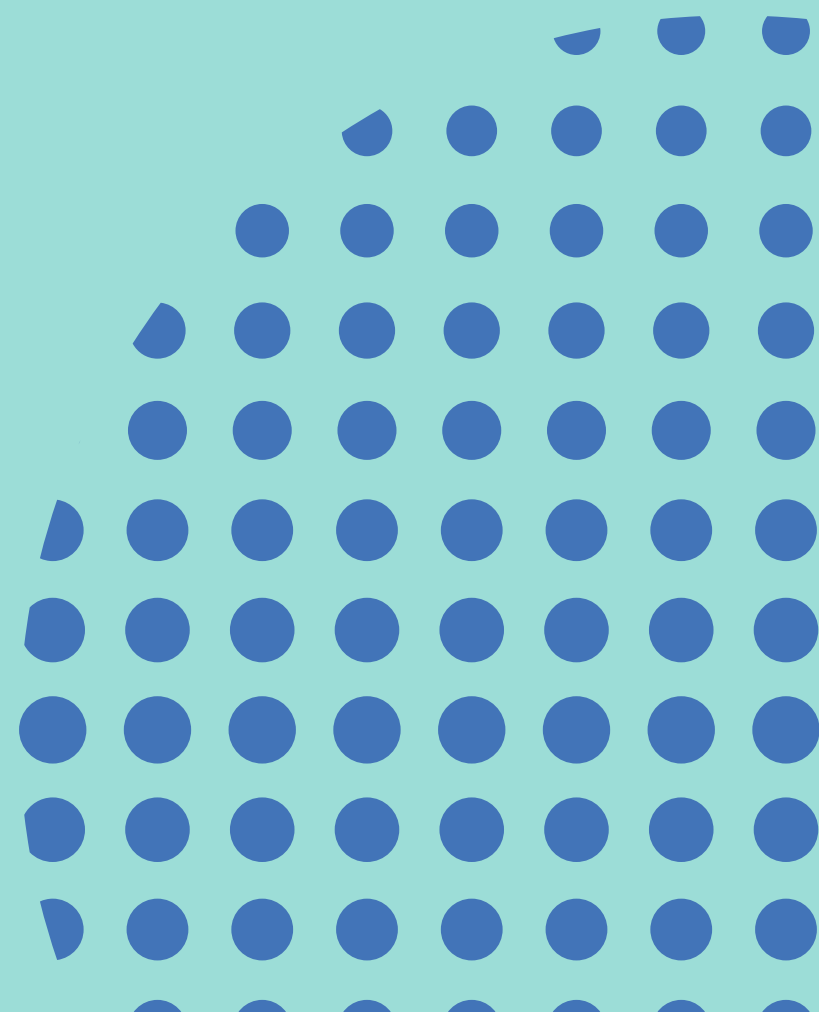

Real-time physician insights deliver a powerful competitive advantage during market disruptions.

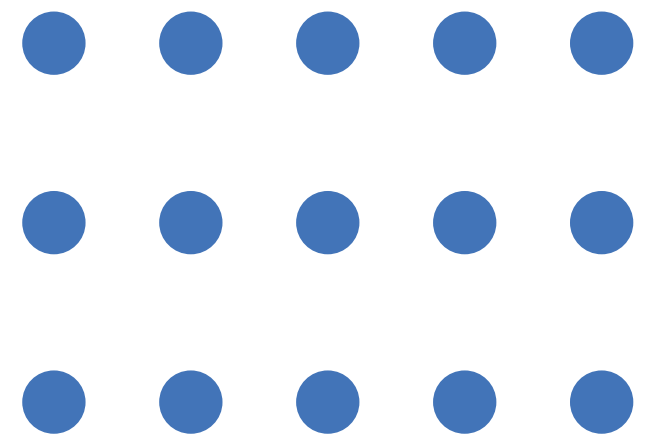

Get on-demand feedback

Instant access to a targeted network of physicians provides the information you need, exactly when you need it.

Meet business goals

Faster insight generation empowers data-driven decisions, helping you meet sales goals in less time.

How KeyOps Reduces Time-To-Insight

Short engagements.
Every KeyOps engagement is
limited to 15 minutes or less.

How KeyOps Reduces Time-To-Insight

No pre-qualifications.

We gather and track eligibility information to ensure only qualified physicians are contacted.

How KeyOps Reduces Time-To-Insight

Immediate payment.

Physicians are paid within 24 hours of insight delivery.

How KeyOps Reduces Time-To-Insight

6X

Engaged network.

Our physician response rate is 6 times higher than the industry average.

Reduce Your Time-To-Insight

KeyOps is transforming the relationship between physicians and life science companies. To learn how you can benefit from insights delivered in days – not weeks or months – visit
